### OFFICE ENVIRONMENTS ACQUIRES LOCAL OFFICE FURNITURE COMPANY SECOND EXPANSION IN TWO YEARS

Charlotte, NC (July 18, 2016) - Office Environments, Inc. (OE), a Charlotte-based commercial furniture dealer, announces its second acquisition in two years. They are now expanding to Rock Hill, South Carolina through the procurement of White Office Furniture, an established Steelcase dealer in South Carolina for over 70 years. Both Office Environments and White Office Furniture are uniting under the Office Environments name and will continue their shared mission to provide a single source for workplace solutions through high quality products and services.

Office Environments' most recent acquisition was in 2014 with Modular Designs, a local flooring company. Both company accruals were initiated to better serve the Carolinas region. Executive Vice President Barry Bale states, "Bringing in Modular Designs enabled us to provide a solution for the client from the ground up. Acquiring White Office Furniture helps us provide solutions through the added wealth of knowledge from another veteran company. Both have been the perfect additions needed to complete the ever-expanding Office Environments family." Bale continues, "We founded Office Environments with passion for what we do and whom we serve. We are here for the long term and welcoming White Office Furniture is the next step in keeping that passion alive and moving forward."

#### **About Office Environments, Incorporated**

Office Environments specializes in workplace consultation and contract furniture, as well as flooring sales and services. They have served Charlotte-based businesses for over 30 years and are the largest Steelcase dealer in the Southeast, achieving Steelcase Platinum Partner status for 2016. They create custom workplace solutions and welcome the opportunity to produce engaging environments for their clients.
